

Our hometown, Sintra, is 20 km far away from Lisbon, Portugal's capital, that's why our National Palace is the second most visited Portuguese monument.

You can easily travel to and in Sintra with environmentally friendly means of transport.

If you are in Lisbon, you can **catch a train** and be in Sintra 40 minutes later.

On arriving there you can visit our lovely hometown either walking through shady and lush paths, or **renting a normal bike**, an electrical car and an electrical bike to climb to the top of the hill.

If you decide to stay in Sintra, you can choose a place awarded in 2018 by Green Key, which is the leading standard for excellence in the field of environmental responsibility and sustainability, helping to make a difference on an environmental level.

You can choose either a hotel:

#### **Hotel das Arribas**
